-) Only an adult may be under a diving board to assist a child wearing a floatation aid jumping off.

Non-swimming children younger than 4 years of age must be directly supervised by an adult at all times.

Children younger than 12 years of age must be accompanied by an adult inside the pool area.

Parent and/or guardians shall maintain the responsibility to supervise the actions of their children at all times while on Club property.

The wading pool is reserved for children seven years of age and under. Each child in the wading pool must be accompanied by an adult. Lifeguards are not responsible for overseeing children in the wading pool.

All swimmers are required to wear proper swimwear. No cutoffs or street wear is allowed in the pool. Frisbees or solid objects (e.g., hard balls) that might injure an individual upon impact shall not be thrown in the pool area. Water guns and personal kickboards must be used with caution and lifeguards may use their discretion to prohibit water guns or any toy/object in the pool based on safety, bather load and/or appropriate use. Only toys which are designed for use in the pool may be used. Weighted items should be dropped and not thrown.

Dive blocks and club kickboards are for use by the swim team only and only during designated swim team hours.

Children who are not potty trained must wear a diaper and some type of tight elastic legged pants.

Changing of diapers is prohibited outside the bath houses.

A fifteen minute "Safety Break" will be called by the Lifeguard at the last quarter of every hour. Only those individuals 18 years of age or older may be in the pool during "Safety Break" as the Lifeguard will be attending to other requirements (e.g., checking restrooms, testing pool water, calling office, etc.) and getting a break to attend to their needs. For the safety of those under 18 years of age, all body parts must remain clear from the pool edge during "Safety Break."

Lifeguards have the authority to clear or close the pool during inclement weather or unsafe conditions. According to the current contracted pool management company's safety rules, the pool must be cleared of swimmers for a minimum of 30 minutes when the Lifeguards hear thunder. Any further instance of thunder resets the wait to another 30 minutes.

Lifeguards are responsible for the safe operation of the swimming pool at all times and have authority to take actions necessary to ensure the safety and health of members and guests. Lifeguards may close the pool and facilities at any time when, in their opinion and best judgment, conditions may jeopardize the safety of those using them. Problems should be addressed with the Pool Manager.

Tennis players must clean court material off of shoes before entering the pool area and bathrooms.

Members with guests are required to sign in at the front gate register. Members must accompany their guests while on site.

Guest fees are \$3 per person. Anyone (1 year of age or older) who is not a member and enters the pool area, whether to swim or not, is considered a guest.

Grill lighting is prohibited within 30 minutes before pool closing time.

Members and their guests are expected to clean up after themselves. Please pick up any trash you, your children, or your guests create. Lifeguards are provided for safety, not trash detail.

Members and guests are only to park in the designated areas. Costs associated with towing will be assessed to member family.

Members and guest are to exit the entire pool area no later than the designated pool closing time.

The Lifeguards and Pool Manager are vested with the authority to enforce all rules and regulations, to regulate any behavior not specifically addressed by these rules, and to eject from the property any Member or guest who engages in actions deemed harmful, unsafe, or not within the best interest of the Briarcliff Woods Beach Club.

Violations of club rules and policies can result in the revocation of membership by the Board.
